1.04 Work Session

For the work session Mrs. Ferch turned the time over to Education Consultant, Jim Dermody. Mr. Dermody wanted to take the opportunity to discuss items that have not had plans in place for some of the questions that have been evolving. He thanked the administrative staff, Mrs. Awald, Mr. Bennett, Mr. Carlin, Mr. Miller as well as Mr. Taylor, Mr. Messer and Mr. Clemons for all of the work they have done during this difficult time. Previously he sent information to the school board regarding the items to be discussed. He stated that several times in listening to the state superintendent webinars it was repeatedly suggested that for any decisions the corporation takes to have consult with our attorney, our local health department and the school board. He covered several topics over the evening. Discussion was held about cleaning out the student and staff's possessions before a deep clean can be done. This is considered to be an essential function. Throughout this process and any other activities coming up all guidelines will be followed. Buildings are closed to the public thru June 30 therefore, SRO, John Kohles will be on duty when students and/or parents come to the school to pick up their items. They will be required to stay in their cars and staff will bring their bagged possessions to them. Procedures to return items to all students were discussed as well as graduation plans and seniors returning their technology. Once the buildings are cleaned out of possessions then the deep clean can begin. Devices being returned will be placed in a quarantine situation for four days before they are cleaned. Mr. Dermody stressed that all actions taken will be legal, ethical and done in the right way. A lengthy discussion was held on graduation plans and how to honor the senior class safely. Mr. Dermody will submit all plans to the school attorney and to the health department for their blessing. The Administration Staff will continue to work on graduation plans and details for all of these activities will be announced to the public once they are finalized.
