## PROTECT YOUR CHILD FROM THE FLU

Please monitor your child for symptoms of the flu.

Symptoms of the flu can include: fever, cough, sore throat, runny/stuffy nose, body aches, headache, chills, fatigue, and sometimes vomiting and diarrhea. The most important thing you can do to protect yourself from the flu is to get the flu vaccine.

Steps to take to help prevent spreading of germs are as follows.

Cover coughs and sneezes with a tissue.

Wash your hands often with soap and water.

Avoid touching your eyes, nose, and mouth.

PLEASE SEEK PHYSICIAN CARE IF YOUR CHILD HAS SYMPTOMS THAT PERSIST.

If your child has had the flu/flu-like symptoms they may return to school after they have been fever free without medication for at least 24 hours or once the physician releases them.

We have had some cases of the flu and strep throat at school. Please monitor students for symptoms.
